PURPOSE/REQUIRED ACTION:		
<p>The purpose of this agenda bill is for the Council to discuss and adopt the final Vision for Burien. The City's visioning consultant, Brian Scott, will present the proposed final vision document.</p>		
BACKGROUND (Include prior Council action & discussion):		
<p>The proposed vision is the result of meetings, public forums, and surveys over the past several months on what Burien residents want their community to be in the next few decades. The visioning effort will provide the City with sense of direction and framework for evaluating future policy decisions and will help shape the long-term future of Burien.</p>		
<p>The Council gave feedback on a draft version of the vision at their June 6 meeting. The Vision for Burien Steering Committee discussed that feedback and gave further refinements to Brian Scott. On June 13, staff held an open house for the public to review and comment on the revised vision framework. Brian and the steering committee made further revisions based on public input. The proposed Vision for Burien is the result of community input and committee recommendations.</p>
